Our Quality

The views of our Service Users, whether complimentary or critical, are very important to us, and are invaluable in helping us to constantly evaluate and improve our care and service quality.

We regularly seek feedback from our Service Users, or their carers, by sending out questionnaires for them to complete and by making quality assurance visits.

We also actively encourage them to make any comments, suggestions or complaints they may have to their Care Worker or directly to our Care Manager. A copy of our **"What to do if you have a comment, suggestion or complaint"** leaflet is supplied to all our Service Users as part of their Welcome Pack.

Care2Care Services is regularly assessed by "Customer First", and is proud to confirm its continued commitment to, and compliance with, Customer First Standards by passing every assessment since receiving its first award in 2006.

Care2Care Services is inspected by and registered with the Care Quality Commission as a domiciliary care provider.

Our Staff

Our managers, administrators and care workers have a range of relevant professional qualifications combined with extensive practical experience, knowledge and skills, gained from many years in the health and social care sector.

All our care and support workers are carefully selected, and trained by our sister company Care2Care Training to meet the requirements of National Care Standards. They have undergone full Criminal Records Bureau (CRB) checks and operate within a strictly monitored and enforced code of conduct. A copy of our code of conduct is supplied to all our Service Users as part of their Welcome Pack, and is available for inspection by all prospective Service Users.
